## Department of Information Science & Engineering

### DEPARTMENT ACTIVITY REPORT

**Date of Report:** 6<sup>TH</sup> September 2025

**Activity Date:** 6<sup>th</sup> September 2025

**Name:** Group Discussion

**Department:** ISE

### Activity Overview

We organized a **Group Discussion Activity** with the primary objective of enhancing the **communication skills, critical thinking, and confidence** of the students. The session was conducted on 6<sup>th</sup> September 2025 and commenced at **10:30 AM**, concluding successfully at **12:00 PM**.

The activity provided a valuable platform for participants to articulate their ideas, exchange perspectives, and develop the ability to engage in constructive dialogue. Students participated with **great enthusiasm and active involvement**, demonstrating their interest in improving both academic and interpersonal competencies. The activity not only encouraged **self-expression** but also promoted **team spirit, leadership qualities, and mutual respect** among the participants.

Overall, the event was highly successful in achieving its intended goals. It fostered a **collaborative learning environment** and contributed to the holistic development of the students. Such initiatives also help in preparing them for future professional challenges, including **interviews, presentations, and workplace discussions**.

The department expresses its sincere appreciation to all the students and faculty members who contributed to the smooth conduct of the activity. We look forward to organizing more such events in the future, with the aim of continually advancing the **academic excellence and personal growth** of our students.
